

The Civil Service Superannuation Board

It's not just another job...it's a career!

Who are we?

The Civil Service Superannuation Board, established in 1939, provides investment management, pension and insurance benefits administration and client communication services for approximately 57,000 members and stakeholders of the Province of Manitoba and associated boards, commissions and crown corporations.

Our Vision

A professional, sustainable pension plan, designed for the future of our members.

Our Mission and Purpose

To deliver to our plan members their pension entitlements.

We will do this by:

- Acting collaboratively with each other, with employers and with the plan sponsor, constantly seeking member-focused outcomes.
- Prudently investing and monitoring plan assets.
- Delivering timely, accurate information to members, allowing them to make educated, informed decisions.
- Fostering a working environment that attracts and retains motivated, talented people.

Our Values

In our relationships, decisions, words and actions, we are guided by the following values:

- Staying resolutely member-focused; always seeking the best outcomes for our members;
- Acting with integrity, professionalism and excellence;
- Ensuring transparency and accountability to our members and other stakeholders;
- Pursuing and rewarding innovation, in the interests of best outcomes;
- Modelling and fostering collaboration and respectful action as the means of pursuing best member outcomes.

And now a little about us...

Organization Size

With a staff of approximately 61, The Civil Service Superannuation Board (CSSB) is a very diversified and efficient organization that is still small enough to provide that personal interaction and team atmosphere.

Long Service Employees

The CSSB has been a bit of an exception to the statistics that indicates employees tend to change jobs on an average of three to four times throughout their career. There is typically little turnover at the CSSB and many employees that work here stay for a long time.

Long Service Recognition

Speaking of long service, the CSSB recognizes and rewards employees that reach service milestones starting with the 10 year service mark and continuing every fifth year after that.

Continuing Education

The CSSB has always been supportive of staff and on-going education and training opportunities. Whether it is attending workshops, seminars or post secondary courses, the Board acknowledges the importance of ensuring staff are up-to-date with their knowledge and skill set.

Work-Life Balance

The CSSB recognizes that today's families lead very busy lives and is very accommodating to help address the various situations that can arise. There is some degree of flexibility in the workday with some staff starting as early as 7:00 a.m. while others choose to start a bit later and finish work at 5:00 p.m.

Fridays/Mondays Off *(not applicable to Investment Staff)*

Do you enjoy your long weekends? Now imagine having one every second week! At the CSSB, our workdays are extended from 7:15 to 7:45 hours in exchange for approximately 16 Fridays or Mondays off that start in April and run until November of each year.

Dress Code

Employees at the CSSB are permitted to wear blue jeans providing they are of a darker wash and not ripped, torn or frayed. Staff are asked to use common sense and dress appropriately depending upon their schedule. For example, if you were attending a meeting outside the office, you would be expected to dress in proper business attire.

Wellness

Management recognizes the benefits and importance of a healthy lifestyle. Employees may submit receipts for partial reimbursement, subject to approval, to help offset the cost of physical activity and wellness, which include, membership at a fitness facility, formal instruction for a physical activity or wellness program, and recreational sport league fees.

Did you know?

- Employees are paid bi-weekly by direct bank deposit on Thursday morning
- Each year all permanent, full time and permanent part time employees will receive a Health Spending Account credit of \$1000 to spend on health related expenses

In-House MIS Department

We are very fortunate to have an experienced and innovative in-house Management Information Systems (MIS) department where you can literally walk down the hall to address your systems or programming needs. The majority of our systems have been developed in-house and the MIS team is always on the cutting edge of new technologies.

Summary of Benefits

This document summarizes benefits provided to full time employees of the CSSB. The information is meant to provide an overview, but does not constitute an official plan text for the various benefits, and does not guarantee that you have any right to receive benefits if your actual situation or the terms of the various plans do not entitle you to that benefit. In the event of any conflict, omission, or discrepancy between this document and the applicable plan text or governing document, your actual employee record and any legal requirements applicable under any of the governing documents as amended from time to time will govern.
